

SPECIFYING GLASS TILE WITH CONFIDENCE

Presented by: Thom Vaughn, Senior Regional
Account Manager for Oceanside Glasstile

This course is designed to educate the audience on the types of glass tile on the market today. There are many types of glass on the market produced in various ways. We will go over the history of glass tile, quality standards in place to help protect the consumers, manufacturing methods, mounting methods, sustainability and installation methods. At the end of this presentation, the audience will have the confidence to specify the right products for the right applications.
